Mission, Vision, and Values

Our Mission

The Jansen Art Center creates opportunities for the community to engage in the Arts.

Our Vision

Our vision is of a vibrant place in our region where the arts flourish, where artists mentor others to find their creative expression, and where the community supports the arts for future generations.

Our Values

Stewardship

We carefully plan and responsibly utilize and safeguard all of the resources of the Jansen Art Center, including our building and equipment, our finances, our time, and all of the people with whom we interact.

Relationships

We greatly value and diligently work to cultivate all of our relationships. We honor the intrinsic dignity, autonomy, and worth of every person with whom we interact. We are considerate of each other's feelings, values, and points of view and we show our appreciation for everyone who contributes in any way to the success of our mission.

Collaboration

We believe collaboration is a key strength of the Jansen Art Center. The partnership of the board, staff, studios, and volunteers is crucial to successful planning and implementation of our mission. Alliances with other individuals and organizations further strengthen the J.

Integrity

We engage in the highest ethical and professional standards in all we do. We are honest, reliable, trustworthy, and accountable to each other and to the public we serve.

Creativity

Inspiration, innovation, inventiveness, and originality were central in the creation of the Jansen Art Center and continue to be in all that happens here, from the creation of art in our studios to exhibits and performances, to the way we operate the organization.

Place

From the original conceptualization of the Jansen Art Center, having a facility in which artists create their works and others engage with the arts has been, and continues to be, a central value. Providing space, equipment, and all means of support is key to what we do.

Accessibility

We actively seek to engage all people to create and experience art.

The Jansen Art Center creates opportunities for the community to engage in the arts.
